Athar Afaque

Software Engineer-Fresher(Computer Science)

Enthusiastic and detail-oriented Computer Science graduate with strong problem-solving skills and a solid foundation in software development. Proficient in JavaScript, React.js, Node.js, and MongoDB, with hands-on experience in building responsive web applications. While I have a keen interest in front-end development and creating user-friendly interfaces, I am equally open to exploring and contributing to back-end development or other areas of software engineering.
